## eKÖR®

---

PET Recycled Panel

*sustainable and creative products for a healthier world*

eKÖR - Old Norse plural of eKa meaning "Echo"

This is the mark you leave on this earth, make it a good one.  
When you leave, only the echo remains.

*choose from a wide range of standard colors...*

eKÖR  
Basics

**WALLWORKS**

*These "basic" panels can be used freestanding, fastened to a wall, applied over glass or hung on track. Simple, fast, colorful and effective.*

*Create the illusion of structural wood ... Adding acoustic performance and versatility in design features. Light clever solutions*

Ceiling and cloud details improve acoustic performance while adding architectural elements of dimension, color, texture and form.

Look up for inspiration...

- *CAN/ULC S102 fire rating*
- *IAQ certified*
- *High % recycled consumer waste content*
- *Contributes Well and LEED Credits*

eKÖR MÖRe...

3mm over 9mm Carved Panels

*...Curtain walls used as partitions and acoustic buffers*

***Perfect where the requirements for partitioning change***

## eKÖR for Healthy Learning Spaces

The long and short term impact of healthy acoustic design on learning and performance is becoming more and more evident and increasingly is a required element for consideration.

*Acoustic solutions no longer need to be boring, hidden behind walls or cost prohibitive.*

## eKÖR Privacy Screens

*A sense of privacy can be created by integrating eKÖR partition screens and panels... customized to your specification, color and design... redefine your space.*

## eKÖR for Public Spaces

*eKÖR ~ color and design flexibility and acoustic performance to fit any application.*

## eKÖR Color Stacking

*...sound solutions that are simple, adaptable and effective*

Presentation areas are a natural place to focus on the integration of acoustic products. Conventional materials no longer meet the creative needs of architects and designers... consider color stacking and the use of repeating or non repeating wave patterns for visual interest... and irregular or repeating pattern.

eKÖR  
Tiles

**WALLWORKS**

A simple, effective way create sound, stylish spaces

*eKÖR geometric and articulated tiles create texture, and noteworthy acoustic improvement. These can be simple fast installations that effectively transform the acoustic experience in reception or waiting rooms, at home offices or shared work areas*

eKÖR

Community, Health  
and Learning  
Environments

*Design Criteria for child friendly spaces:*

1. Create an age appropriate and stimulating backdrop for spirited play
2. Use materials that are safe and environmentally conscious
3. Choose rich, bold, fanciful colors
4. Invite imagination

## eKÖR Creative Spaces

*Printed panels let you think outside of the box...*

Using advanced print technology it is possible to replicate any picture selected for themed wall surfacing... Below it has also been used to create a dream or to feature an office icon.

eKÖR  
seamless  
design  
Panels

*Style, simplicity, and sound results...it doesn't have to be complicated to be effective. Catch the wave!*

eKÖR  
New ideas

# WALLWORKS

*eKÖR® continues to combine inspiration and design flexibility that set it far apart from most other architectural materials... it can mimic other surfaces while providing ease of installation and acoustic performance. Fully customized design solutions are available.*

*print it, cut it, carve it, groove it... it will go anywhere your imagination takes it.*
